

Prepare/Enrich Workshop

The Prepare/Enrich marital preparation and couple enrichment program is used by numerous clergy and therapists worldwide. Those already trained in this model often cheer it's usefulness in their work with couples.

This workshop is for people new to Prepare/Enrich and for those wishing to update their approach, using the new online version of the inventory.

Rev Dr Don Hillyard trains professionals to become certified Prepare/Enrich providers. LifePoint Counseling Center is glad to have Don presenting this training for the Midlands community.

Date and Time: October 9, 2009, 9AM – 3:30PM
